FEDERATION OF STEM CELL ASSOCIATIONS

FEDERAZIONE ASSOCIAZIONI
SULLE CELLULE STAMINALI

SECOND INTERNATIONAL STEMNET MEETING

18th - 20th October 2023

SAVE
THE
DATE

BRESCIA - Paul VI Centre - Via Gezio Calini, 30

TOPICS

- Stem cell microenvironment: intra-and extracellular pathophysiological signaling
- Extracellular vesicles as stem cell mediators
- Innovative technologies and 3D models in stem cell research
- Human and veterinary therapeutic application of stem cells, manufacturing and regulations
- Frontiers of induced pluripotent stem cells
- Perspectives on stem cells in cancer
- Gene editing of stem cells
- Critical aspects of biomedical communication

Local Organizing Committee:

S. Dotti; G. Piovani; A.R. Silini

President:
A. Pessina
(GISM)

Vice-President:
M. Dominici
(FIRST)

Secretary:
U. Galderisi
(SCRI)

Members:

F. Alviano
(IPLASS)

L. Lazzari
(FIRST)

E. Lucarelli
(GISM)

O. Parolini
(IPLASS)

R. Piva
(SCRI)
